

## PRIVACY POLICY

### Who are we

\*\*\*\*\*

We are Karen's Kitties Stray and Feral Rescue, Cat Adoptions.

We are based in Sale Greater Manchester.

### Our Service

\*\*\*\*\*

We rescue stray and feral cats and kittens that are lost or abandoned. We scan for an existing microchip and do all the relevant checks that there is no owner.

Once this has been established , we get the cats thoroughly vet checked. Any exsisting symptoms are treated.

The cats are placed with fosterers to be socialised and ready to be adopted into loving caring forever homes.

Before the cats leave us we have them neutered, microchipped and vaccinated and ready to be rehomed in homes that we have checked out thoroughly.

In order to pay for the veterinary care for the cats, we fundraise constantly.

### Personal Information Collected Directly

\*\*\*\*\*

For us to carry out the adoption process we take the following information from the potential adopter.

Name and Title

Phone Number

Email address

Contact preferences

### HOW WE USE THIS DATA

We do not require any personal banking details

We will only use this information to respond to enquiries sent to us.

### HOW LONG WE KEEP DATA

We only keep data until a cat is settled into its new home. A maximum of 6 months.

### RIGHTS ADOPTER HAS OVER THEIR DATA

The right to access their information

The right to ask for deletion of their information

The right to complain to the ICO if it is felt that their rights have been infringed.

### Use of Information

\*\*\*\*\*

We do not send out any marketing or promotional communications to any of our potential adopters

## Use of Tracking Technologies

\*\*\*\*\*

We do not use any tracking technologies
